You can do anything you set your mind to, if you're willing to do some work. You don't need anyone to help you with the lessons you learn when things go right. But wouldn't it be great to have help to get through the times when things don't go right—the tough times, the hard times, the terrible times? Wouldn't it be great to have fewer terrible times? And when you do have them, wouldn't it be nice to have tools to get through them as quickly and as easily as possible? Presented in a practical, easily digestible way, based on real-world results, Turning Terrible into Terrific offers tools to enable you to change your life at the speed of thought. It will most likely poke the part of your brain and your heart that needs to be awakened the most, whether you like it or not.
